Eriez Reinstates Indoor Mask Mandate

Considering the sustained high rates of community COVID transmission and employee concerns, effective **Monday, November 1, 2021**, Eriez will be reinstating the indoor mask mandate for all employees and visitors. Everyone in the Eriez Asbury and Wager Road facilities must wear a mask in all common areas and public spaces throughout our buildings. Employees will be able to be without a mask when they are alone in their office/workspace and can comfortably social distance. A supply of masks will be provided at the main entrance areas.

We will monitor the levels of local virus transmissibility in the coming weeks to determine when it is safe to remove the mandate. We appreciate your patience and cooperation as we continue to implement protective measures to protect our workforce. Thank you for your cooperation.

Timothy Gland
VP/GM Eriez USA
