### **Eriez® Celebrates 75th Anniversary**

Erie, PA—2017 marks 75 years in business for Erie, PA-based [Eriez®](#). From humble beginnings in 1942, Eriez has evolved into a world leader in separation technologies with manufacturing facilities in [Australia](#), [Brazil](#), [China](#), [India](#), [Japan](#), [Mexico](#), [South Africa](#) and the [United Kingdom](#) as well as its Erie [headquarters](#). Eriez has [sales offices](#) across the United States and some 80 international markets on five continents.

Eriez separation, material handling and inspection equipment is used throughout process industries, including [food](#), [plastics](#), [chemicals](#), [mining](#), [aggregates](#), [metalworking](#) and [recycling](#). The applications and production methods that require Eriez equipment are universal around the world.

To celebrate the company's incredible 75-year milestone, Eriez will release "From Pioneer to World Leader, Volume II," an update of a book the company published in 1992 to chronicle the events and people that shaped Eriez during its first 50 years in business. According to Eriez, this new edition will cover the company's entire 75-year history through photos and stories about its product breakthroughs, business practices and employee culture. The book will be printed later this year.

"Eriez' dedication to constant innovation has enabled us to flourish over the past 75 years," says Tim Shuttleworth, President and CEO. "New robotic welders, laser cutting tables, high-efficiency manufacturing cells, proprietary automated assembly systems and global lean initiatives across the company have driven cost out of operations, improved quality and enhanced customer satisfaction." He continues, "By working predominantly 'in the field,' our team has continued to develop new and refined process solutions which lead to industry-changing breakthroughs."

For more information about Eriez' products, history and global presence, visit [www.eriez.com](http://www.eriez.com).

Eriez is recognized as world authority in separation technologies. The company's magnetic lift and separation, metal detection, fluid filtration, flotation, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, plastics, rubber, recycling, food, mining, aggregate and textile industries. Eriez manufactures and markets these products through 12 international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada. For online users, visit [www.eriez.com](http://www.eriez.com) or send email to [eriez@eriez.com](mailto:eriez@eriez.com). Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506.
